

ST DUNSTANS HALL

FILM SOCIETY

Supporting comments for potential Film Society members

- Q. How many films will be screened for my membership fee
- A. It is intended to screen at least 12 films each year
- Q. Can I join for less than 12 months
- A. It may be possible to join for less than one year, perhaps for three months, however the fee will be increased [the cost of screening at least 12 films a year and the cost of operation will remain the same regardless of the number of members]
- Q. Is it possible to attend screenings without being a member
- A. Yes to 'try it out', but not more than once. As a 'members only' society, film hire and Rights to screen non-theatrical DVDs cost less.
- Q. Why affiliate with Federation of Victorian Film Societies Inc.
- A. Amongst other things, we have access to the Non-Theatrical Loans Catalogue operated by the National Film and Sound Archive. Some other services include:
a DVD library; film appraisal sessions; management of DVD screening rights agreements and much more.
- Q. What about insurance and other legal matters
- A. We are fortunate that the Parish of Euroa, Diocese of Wangaratta Church of St Dunstan has agreed to be the parent organisation [the film society will be dependent] and support the film society by providing the Hall free of charge, public liability cover and building insurance.
- Q. What equipment will be used to screen the films
- A. A computer and data projector will be provided by the Violet Town History Group and the speakers will be courtesy of VTAG all free of charge, however it is thought that a donation be made to VTAG for the use of the speakers. Similarly for the use of the hall.
- Q. Can someone else use my membership to attend a screening
- A. Membership is not transferable
- Q. How does the St Dunstans Hall Film Society compare with others affiliated with the Federation of Victorian Film Societies Inc.
- A. Societies with many members [for example the Whitehorse Film Society] are able to screen a film every two weeks - they have 120 members - for a similar membership fee structure. Others have monthly screenings, have similar membership and membership fees.
