

# Detox your home

Free household chemical disposal service – it's safe and easy!

Turn over for dates and location details.

Every home has them. Unwanted products stored in the house, garage or garden shed. They're out of sight and out of mind.

Some products contain chemicals which can be dangerous to children and pets. You can't pour them down the sink, or put them out with your kerbside collection because they can harm the environment. Take the time to clear some space. Detox your home. It's easy, safe and free.
