

Men's Support Group

This group is for men that have been in the Men Behavioral Change Group and wish to continue to improve their quality of life – or it is for men that are waiting to go into the next Men's Behavioral Change Group.

This group is on going, and men are able to come into the group at any time. There will be many different topics of discussion for the men, and they will also have the opportunity to select the topics that are important to them.

This group also runs under the same philosophy as the No to Violence standards.

Thank you for your support in trying to help Relationships Australia stop the violence against Women and Children by supporting the men to change.
